Professional Summary

Motivated MCA student with a strong foundation in JavaScript, React, HTML, CSS, Tailwind CSS, Node.js, Express.js, and MongoDB. Passionate about building responsive, user-friendly web applications and continuously improving coding skills through hands-on projects. Seeking a Frontend, React, or MERN Stack internship where I can contribute, learn from experienced developers, and grow into a professional software engineer.

Technical Skills

- **Languages:** JavaScript (ES6+), HTML5, CSS3
- **Frontend:** React.js, Tailwind CSS, React Hooks, React Router, Responsive Web Design, REST API Integration
- **Backend:** Node.js, Express.js
- **Database:** MongoDB
- **Tools:** Git, GitHub, VS Code, Vite, npm, Chrome DevTools, Postman
- **Currently Learning:** Advanced React, TypeScript, Next.js, DevOps, Docker, AWS

Projects

Finance Tracker (Full Stack)

Tech Stack: React • Node.js • Express • MongoDB • Tailwind CSS

- Developed a full-stack expense tracking application using the MERN stack.
- Implemented CRUD operations for income and expense management.
- Built REST APIs for frontend-backend communication.
- Designed a responsive UI with reusable React components.
- Managed persistent data using MongoDB.

Personal Portfolio Website

Tech Stack: React • Vite • Tailwind CSS

- Built a responsive portfolio showcasing projects and technical skills.
- Focused on accessibility, clean UI, and performance optimization.
- Created reusable React components and mobile-friendly layouts.

React Task Manager

Tech Stack: React • JavaScript • CSS

- Built a task management application using React Hooks.
- Implemented create, update, delete, and complete task features.
- Practiced component-based architecture and state management.

Education

Master of Computer Applications (MCA)

College Name (Expected Graduation: 20XX)

Bachelor of Computer Applications (BCA)

College Name (Graduation: 20XX)

Relevant Coursework

- Data Structures & Algorithms (Learning)
- Object-Oriented Programming
- Database Management Systems
- Operating Systems
- Computer Networks
- Software Engineering

Strengths

- Problem Solving
- Quick Learner
- Team Collaboration
- Clean Coding Practices
- Debugging
- Analytical Thinking
- Adaptability

Certifications

Add completed certifications (e.g., JavaScript, React, Git & GitHub, MongoDB, AWS Cloud Practitioner).

Languages

English

Hindi
